Nutrien Fawcett - Mt Pleasant Update

This is another busy month with our Off Shears Sale, two markets & two clearing sales as well as trying to finalise our 2027 calendar. Next year we have a new sale for you all and have had to adjust some market dates in September so have a good look at that.
If there is something you would like to see in our newsletter, please contact Sam:
samantha.schultz2@nutrien.com.au or 0417 851 790.

Annual 1 X & Merino Off Shears Sale & British Breeds Ram Sale

As mentioned above, this year our Off Shears Sale will be held on Wednesday the 4 of November at 10:00am, with the ram sale to follow after the sheep & lamb sale. There are a large number of quality lines coming into this sale so if you need breeders, future breeders or wether lambs to put out on stubbles then this is the sale you want. Give one of our agents a call and have a look at the advert on page 4 of this newsletter

2027 Calendars

Calendars are on track to be available in early-mid November. We seem to run out every year so make sure you get your hands on one quick! You'll find everything you need to know for the year on these including all of our market dates, stud sales, multi-vendor clearing sales, show dates and much more.

NVD Accuracy

We are frequently seeing NVDs coming in now that are short on information. Simply writing steers, lambs etc is not acceptable - you MUST put a breed for each line.
We are starting to see buyers now such as TFI sending NVDs back to be corrected. If you aren't sure, please ask one of our staff for assistance when delivering stock to the saleyards & please carefully check ALL details on your NVD and ensure all questions are answered.

Market Results - October 8th 2026
88 Cattle - 930 Sheep & Lambs

CATTLE	Weight Range	Low c/kg	High c/kg	Low $/Head	High $/Head

Store Shedding Lambs	$ 178.00	$ 224.00			

Market Trends

October delivered true spring weather with both sunshine and rain.

As we finish October we would normally see a large increase in lamb supply resulting in decreased rates from processors; but due to ongoing rain and cooler weather, lambs are taking longer to finish and vendors are utilising the surplus feed to get them to a heavier weight for a higher return. These factors are causing a reduced supply and seeing higher pricing from processors with the month starting at $11-$11.50c/kg carcass weight for new seasons lambs. On the back of this, store lambs are still seeing a strong return and we predict this will continue as more stubbles open up.

A continued shortage of mutton is keeping prices high with pricing sitting $8-$8.50c/kg.

Cattle prices remain firm for Cows and heavy cattle. Surplus feed and fire risk is seeing light restocker cattle being in high demand and seeing strong returns.

Market Results - October 22nd 2026
112 Cattle - 1657 Sheep & Lambs

After Market Emails

So many of our clients are now receiving their reports after a market via email. While this is convenient for all involved, we want to make sure that our clients know if they have any questions about their pricing, or want to know more about the current market prices, you are always welcome and encouraged to give Ashley, David or Alan a call to chat about it. Email is great, but it shouldn't replace a conversation.

Pre-bidding live from Thursday November 5th at 10:00am.
For full listing & information head to the Farm Clearing Sales website.

NUTRIEN WOOL

WOOL MARKET MOVEMENTS

EMI 1,723 c/kg clean ↓ 62 cents

Large price falls across all centres and market sectors this week resulted in a high national pass in rate, 27% (up 13.4%) - the highest pass in rate for nearly 3 and a half years. Broader Merino MPGs continue to bear the brunt of the price falls with a widening price gap evident between finer microns and others. The national offering rose to 27, 934 bales, including 1,416 NZ bales, up 2,042 compared to week 17. 28,422 bales are currently rostered for sale in week 19 with sales scheduled for Wednesday and Thursday due to the Melburne Cup.

Southern *Melbourne* (Tue & Wed) - 1,469 bales withdrawn

- Merino Fleece: All MPGs lost ground on day 1, pushed downwards by heavy discounts for faulty lots (cotts or colour), those with unfavourable additional measurements and poorer style. Further losses occurred on day 2. More than 30% of lots were passed in on both sale days.
- Merino Skirtings: Skirtings mirrored the fleece, lots with poorer style and higher (> 4%) VM shedding up to 90 cents on day 1. Stylish (MP4), finer (≤ 18 µm) lots with low VM tended to maintain their value. A similar pattern occurred on day 1.
- Crossbreds: Al types and descriptions eased, finer (≤ 27 µm) MPGs shed up to 80 cents with broader lots down 20 to 40 cents on day 1. Further falls on day 2 although the 32 µm MPG firmed.
- Oddments: Merino stains as well as crutchings and locks with poorer style eased 20 to 30 cents as stylish locks slipped 10 cents. A small offering slipped lower on day 2.

VARIETY SA BASH FUNDRAISER MARKET - NOVEMBER 12TH 2026

This year we are once again fundraising for Variety the Children's Charity through our first market in November.

Many will remember the passion Colin Fawcett had for the Variety Bash and for the Variety charity, and this is one way that we look to continue his legacy.

We will be running our usual bbq on the Wednesday afternoon & Thursday afternoon with all meat donated and available for a gold coin donation. We will also be running a raffle and are calling for any donations people may have to contribute. So far we have a couple bottles of great spirits from Robber's Dog Distillery, a carton of beer, and a goodie basket.

As usual we will also be auctioning any donated livestock - if anyone has any stock they are willing to donate to the cause that would be amazing.

You will be able to buy raffle tickets on our website again - just head to the fundraising page and fill in the form.

Thank you all in advance for supporting us to support this incredible cause.
