Nutrien Fawcett Livestock—Mt Pleasant Update

# **KEY DATES:**

### MARKETS:

\*\*DOLLY'S DREAM FUNDRAISER MARKET\*\*

May: May: June: 8th 22nd - Cancelled 12th

**CLEARING SALES:** More information on sales on pages 3 & 4 of this newsletter.

Eden Valley Clearing Sale On Property Traditional Sale Saturday May 24th at 9:30am Inspections & Registration from 8:00am

<u>Mt Pleasant Multi-Vendor Sale</u> Online with Farm Clearing Sales Monday May 26th at 6:00pm

<u>Cuddlee Creek Clearing Sale</u> Online with Farm Clearing Sales Tuesday June 24th at 6:00pm More information to come in the next newsletter. Welcome to our May Newsletter! Things are still busy at Nutrien Fawcett.

We have a few clearing sales coming up again and the Dolly's Dream Fundraiser Market this month (see details below or check our website). The Variety Bash also have a couple of quiz nights coming up soon, details on the last page of the newsletter so check them out too and if you feel like having a great night out, jump into it and book a table.

If there is something you would like to see in our newsletter, please contact Sam - samantha.schultz2@nutrien.com.au

## **NEW MULTI-VENDOR SALE**

We are looking for expressions of interest for our next multivendor sale to possibly be held in early July.

We have filled our May sale and have begun putting a list together for a July sale.

If you are interested can you please send an email to Sam on the above address or contact one of our agents or office to be added to the list. We will be making contact with the interested parties in mid to late May.

# LONG SERVICE LEAVE

David Schultz (AKA Banger) is still on long service leave across May and June. If you are one of Banger's regular clients and need assistance during this time, give Alan Lintern a call on 0428 508 256 or call the office on 08 8568 2201 and we will get you sorted until he is back on board sometime in July.

Banger has well and truly earned this time off to rest and recuperate so we want to make sure he gets a good break.

## DOLLY'S DREAM FUNDRAISER MARKET

This year Do It For Dolly Day falls on Friday the 9th of May, the day after our market. As we did last year our May market will be held as our Dolly's Dream Fundraiser Market. Raffle tickets are available now at our office, on our website, from Coopers of Mt Pleasant or at the market on either Wednesday or Thursday.

We are calling for donations of livestock to put in one of our Dolly auction pens. This is a cause that we are very proud to get behind and as such, we will be donating three Nutrien branded "Do It For Dolly" blue work shirts to be auctioned off on sale day. We will also be donating all the meat for the sausage sizzles which will be available the day before the market during stock deliveries & on market day after the sheep sale.

We hope you will get behind this great cause, we know times are tough right now, but if you can help out in any way, please let us our office know on 08 8568 2201.

# **DOLLY'S DREAM RAFFLE**

	500kg+	250	270	\$1296.25	\$2381.40	Rams	\$50	\$60			
Cows W/CAF	N/A	-	-	-	-	Light Mutton	\$40	\$70			
		Heavy Mutton	\$80	\$120							

# **MARKET TRENDS**

We are seeing lamb prices improve with processors seeking well finished, heavy trade lambs and good feeder lambs are following suit. Light lambs, below 35kg, are still seeing limited demand and therefore a weakened price.

Hoggets and mutton has had a sizeable increase. Supply has slowed meaning and increased demand which has led way to an increase in pricing for good quality mutton.

There is a similar story for cattle - heavy kill cattle and good quality feeder cattle over 380kg are being met with high demand from feedlots, processors and small butchers. Lighter cattle under 350kg are seeing less demand and this is being reflected in pricing.

We expect after widespread rains finally arrive that this trend will change.

For any advice you may require, please speak to one of our agents:

Ash Fawcett 0439 131 925 Alan Lintern 0428 508 256

#### **AFTER MARKET EMAILS**

So many of our clients are now receiving their reports after a market via email. While this is convenient for all involved, we want to make sure that our clients know if they have any questions about their pricing, or want to know more about the current market prices, you are always welcome and encouraged to give Ashley or David a call to chat about it all. Email is great, but it shouldn't replace a conversation.

## ELECTRONIC TAGS - SHEEP

Remember to advise our staff if your sheep have EID tags when you deliver them to the saleyards. Our scanning equipment is operational in the sheep yards and we are already actively scanning & transferring EID's.

# ELECTRONIC TAGS - CATTLE

Please ensure all cattle coming through the saleyards are tagged with an NLIS registered electronic tag, and that all animals are tagged in their RIGHT ear. Tags in the left ear are against NLIS standards and cause delays in saleyard processing.

## BOOKING IN FOR MARKETS

<u>ALL</u> stock coming into our markets must be booked in with us by close of business on the <u>Tuesday</u> prior to the sale. Booking your stock in is simple, this can be done by phone call or text to any of the agents or office staff, you can email us or fill in the booking form on our website.

We are seeing hundreds of sheep and dozens of cattle coming in without a booking and the numbers for this is growing each market.

Please book your stock in!

# EDEN VALLEY CLEARING SALE

#### TRADITIONAL ON-PROPERTY CLEARING SALE

Saturday May 24th 2025

# **EID INFORMATION**

Early last month Sam attended an EID workshop with PIRSA on the requirements for EID's in Sheep & Goats. Below are a few of the more relevant points for producers to note. If you are after more information give our office a call.

#### eID tagging requirements

- All sheep and farmed goats born on or after 1 January
   2025 must be identified with an NLIS-accredited eID tag before leaving their property of birth.
- From 1 January 2027 all sheep and farmed goats must be identified with an NLIS-accredited eID tag before leaving their property.
- Note: Device rebate and point of sale discount for white eID tags ends 30 June 2025

#### **NLIS** accredited eID tags

- eID tags must be NLIS accredited. NLIS accredited tags have gone through a strict 3year accreditation process testing retention and readability.
- Correct tag application and hygiene is critical for tag retention. Producers must follow manufacturers tagging recommendations. <u>Issues to be reported to ISC or tag</u> <u>manufacturer.</u>
- Only NLIS accredited eID tags will be uploaded to the producers PIC on the NLIS database by the manufacturer at time of sale
- Non accredited eID tags are not recorded on the NLIS database and have no traceability benefit.
- eID tags are also species specific make sure producers order for the correct species (sheep or goats).

#### **Essential Equipment rebate (Producers)**

- A 75% rebate for eligible producers to purchase essential eID equipment to assist satisfying legal responsibilities.
- > ie producers who conduct P2P movements onto their PIC.
- > Based on average P2P head count **onto PIC** over 3 years:
  - > Up to \$500 for 100 or less animals annually
  - > Up to \$2000 for 101 5000 animals annually
  - > Up to \$20,000 for for than 5000 animals annually

#### Applications close 30 June 2025

Discount on white EID tags also ends on June 30 2025

#### 'Double tagging'

- From 1 January 2027...
- All sheep and goats must have an NLIS accredited eID tag before leaving the property.
- Animals that have a visual NLIS tag must re retagged with a NLIS accredited eID tag (either a breeder or post breeder tag depending on the circumstance) before leaving the property. (These will be older animals that were born prior to the introduction of sheep and goat eID).
- An elD tag will have a long number printed on the outside of the tag a visual tag will only have a PIC.
  SA123456LSU30010
- Visual tags <u>should not be removed</u> when applying the eID device.
- Sheep and goats must only be tagged with <u>one eID device</u>. Nonaccredited eID tags must be removed and an accredited eID tag applied before leaving the property.

Ye	ar	Col	our			
2019	2027	Light Green				
2020	2028	Purple				
2021	2029	Yellow	Pink tag =			
2022	2030	Red	post-breeder			
2023	2031	Sky Blue	tags			
2024	2032	Black	must be pink			
2025	2033	White				
2026	2034	Orange				

## Year of birth colour system

- Only the 8 colours in the year of birth (YOB) system are NLIS accredited.
   However, following the year colours in set sequence is <u>voluntary</u> in SA.
- Other colours, such as brown and grey are not YOB colours, are not NLIS accredited. These tags are not registered to your PIC on the database. These tags have no NLIS traceability benefit.
- eID tags are either breeder tags (can any colour in the YOB rainbow) or post breeder tags (must be pink).
- Lost eID tags
  - An eID post breeder tag will need to be applied to an animal that has moved onto the property but has lost its original breeder eID tag ie if a non-vendor bred animal has lost its tag.
  - A new eID breeder tag can be applied if an animal that was born on your property (ie vendor bred) loses its original eID breeder device. This can be any colour tag other than Pink.
- Left over eID tags can be used in any following year. They don't have to be used in the year that they were bought or manufactured.

# **FOOTY TIPPING**

Ash has taken the lead! A few upsets have meant a couple rounds without a margin winner. What does the next month have in store?

Green Number = Round High Score

Orange Square = Margin Winner

NAME	Roun	Roun	d 5	Roun	d 6	Round 7
